Interests and Skills
+ Theater, improv, comedy, riddles, games
+ English, Spanish, Hebrew
+ Guitar, piano, ukulele

EDUCATION

Wesleyan University - Middletown, CT - 2018
+ Degree: Computer Science, Theater
+ Certificate: Jewish Studies

Flatiron School - New York, NY - 2016
+ iOS immersive program

Languages
+ Swift, Objective C, Python, SML, Java, C#

TECHNICAL EXPERIENCE

WalkMore - *A project for the White House's Office of the Surgeon General*
+ Worked extensively with APIs like Foursquare, UnderArmour, and some public government APIs
+ Worked with algorithms revolving around CoreLocation and HealthKit Data

Color My Location - *A location based application that displays a color using the user's location*
+ Written in Objective C and then translated to Swift. This application uses CLLocation as well as other Apple provided location frameworks.
+ Created an algorithm to manipulate longitude, latitude, and altitude into RGB components.

Tutor - *For introductory and functional programming classes at Wesleyan*
+ Aid students with the understanding of core concepts in Python and SML.
+ Assist students with the understanding and completion of necessary course material.

Lava Drop - *A physics-based video game for children ages 5-8*
+ Using Unity's physics engine, modified a game world to have specific gravitational forces.
+ Developed social media material including a website as well as Twitter, Facebook, and Instagram pages
+ Winner of a school competition hosted by Professor Christopher Weaver (founder of Bethesda Softworks).

EMPLOYMENT HISTORY

Yik Yak
Middletown, Connecticut
Campus Representative
August 18, 2015 - Present

+ Conduct Beta Testing on iOS platform.

+ Distribute promotional material for Yik Yak, a college based social media application.

+ Create a venue for students to come and learn about the platform.

+ Draft reports on the success of events based on student engagement.

Miami Jewish Film Festival
Miami, Florida
Intern
Summer 2014

+ Composed emails to filmmakers in English, Spanish, and Hebrew so that communications could be easier between my boss and the filmmakers.

+ Answered phone calls, took messages, and maintained the desk in a fast paced office environment.

+ Scouted locations for screenings across Miami by conducting research of Miami venues, as well as discussing pricing and rates with the owners of potential screening locations.

Freelance
Miami, Florida
Commissioned Art Dealer
Summer 2015

+ Collection included over seventy Peter Max originals valued at $50,000.

+ Created extensive spreadsheets on the data of each piece.

+ Responsible for researching the collection pieces and negotiating sale prices.

Chime, Inc.
Miami, Florida
Director of User Acquisition
2013-2014

+ Responsible for recruiting and building a customer base for Wave, a group video chat application on the iPhone.

+Managed Instagram and Facebook accounts to connect to users.

+ Developed marketing content such as competitions with prizes for winners, and activities for children to do at platform events.
